### Feature

- Easy to assemble.
- Small hole size to prevent the little rabbits running out.
- Entry ramp folds down to allow your pet to come and go as they want.
- Water bottle can be easily placed on the wire mesh wall.
- Extended run provides spacious space for your rabbit to roam around.
- Firm structure improves the durability.
- Smooth surface looks beautiful.
- Good corrosion resistance and rust resistance.

### Specification

- **Material:** low carbon wire, stainless steel wire.
- **Surface treatment:** electro galvanized, hot dipped galvanized, PVC coated (Black Electro Coating Finish).

### NOTE

Cage can be either of above shown. Both cages have same price.
